If you could go anywhere in the world, where would you go and why?

Tokyo, Japan, because I would like to explore the environment, learn about their culture, and see how their interactions amongst different people from different ethnic backgrounds have any similarities/differences from that of the U.S.

If you could be on the cover of any magazine, which one would it be and why would you be on the cover?

Business Week Magazine as a result of becoming a successful entrepreneur from running my own business.
