### **If you could go anywhere in the world, where would you go and why?**

Hawaii because I am very much into the tropics and it's known for exotic plants and flowers. I just love seeing and taking pictures of things that are unique to that certain location and going places where I do not know the language; to see how the native people interact.

### **If you could be on the cover of any magazine, which one would it be and why would you be on the cover?**

Jane magazine. It is all about confidence and being comfortable with the independent individual that you are. Its pages speak of general information such as politics, fashion, entertainment, food, etc. I would love to represent Jane with my positive energy.
