quote: "When you feel like giving up, remember why you held on for so long in the first place."

If you could go anywhere in the world, where would you go and why?

If I could go anywhere in the world it would be Milan because of its beauty and it's known as one of the world capitals of design and fashion.

If you could be on the cover of any magazine, which one would it be and why would you be on the cover?

Vogue because it is the leading magazine in the fashion industry. Vogue is said to suggest transient impermanent fashion ability. If I would be given the opportunity to grace the cover, it would state that I have made an impact on the world of fashion.
