quote: "Great minds don't think alike, they think for themselves."

If you could go anywhere in the world, where would you go and why?

Utah. I saw online that it was one of the safest places to live in the U.S. and the photos really caught my attention. I live in the U.S. so I would like to visit places within the States before going overseas.

If you could be on the cover of any magazine, which one would it be and why would you be on the cover?

Trace magazine because it connects music, fashion, art, politics, and film that interest present day multi-ethnic youth. I would like to be on the cover as a young adult that is a leader of creative ideas in many different divisions.
