If you could go anywhere in the world, where would you go and why?

France because I took French for 3 years and would love the opportunity to use the language and experience that part of the world. Really, I would love to see all of Europe.

If you could be on the cover of any magazine, which one would it be and why would you be on the cover?

Cosmopolitan because I love reading this magazine and it has many interesting topics for women including personal stories and health tips. It is very relatable to someone of my age group.
